WALKTHROUGH

1. What do we need to do to advance this piece of work?	Review our presentation as a team, identify areas where we can improve, and apply those improvements to future presentations and projects.
2. Is anyone working on anything that is not on the board?	No. Everyone focused on preparing, presenting, and reflecting on the project as a team.
3. What do we need to finish as a team?	Complete our reflection, document the lessons learnt, and identify ways to improve our presentation skills, teamwork, and time management for future projects
4. Are there any bottlenecks or blockers to the flow of work?	There were no major blockers. The main challenge was making sure everyone was well prepared and confident before the presentation.
